PROJECTS

RS7-Cafe page 🔗
I created a Café page using HTML and CSS. The Café Pages project strives to create a user-friendly and visually appealing website that effectively represents the cafe's brand, showcases its offerings and encourages customer engagement.

Text Converter 🔗
I created Text Converter page using ReactJS. Text Converter is a free character counter tool that provides instant character count & word count statistics for a given text. Text Converter reports the number of words and characters. Thus it is suitable for writing text with word/ character limit.
